**Summary of reasons
for classification:**

The computer printout entitled *Small Gods* is classified as:
Unrestricted.

The publication is a collection of black and white comic strip images. While the publication deals with matters of sex and violence in terms of s3(1) of the Films, Videos, and Publications Classification Act 1990, it does so to a limited extent and degree. Because of the manner in which sex and violence are treated the publication is not at a level that would require restriction, and its unrestricted availability is not likely to be injurious to the public good. This unrestricted classification therefore has no impact on the considerations contained in s14 of the New Zealand Bill of Rights Act 1990.
